The DE Portable - Also Available in Cobalt Blue or Green (just request it in the notes)!

The Natural Action Portable Unit has a built in funnel and serves as a portable unit. It is for a person on the move who wants optimal hydration wherever they go, or just in their home. The Portable Unit will structure, balance and energize the water just like spring water!

The Cobalt Blue DE Shower Head

Imagine showering under a warm waterfall of enlivened, life benefiting, droplets of water. With the Natural Action Shower head, you will be getting the same healthy benefits every time you take a shower.

Natural Action Technologies' Structured Water flow-form maximizes the action of a mountain stream creating what is referred to in nature, as a double vortex. Meaning, that when you drink a glass of water, or you bath or shower in water that has flowed through Natural Action Technologies' Structured Water products, you are getting the same energetic, life-enhancing properties, you would find in nature's spring water.

Simply twist off your existing shower head, install one of Natural Action Technologies' Cobalt Blue Shower heads.

- Soft healthy skin and hair
- More moisture for skin and hair
- Eliminates itchy skin from chlorinated water
- No hard water build-up in shower

- Assists in improving any skin conditions
- All memory held in water is wiped clean
- Water that is alive and full of energy
- Greater sense of well being

This Cobalt Shower Head Product can be used in conjunction with the Mini Shower Unit to add even more Bio-Photonic Energy to your Shower experience. Simply position your Cobalt Blue head back on to your Mini Shower Unit. It's fast and easy!
