Description

ULTIMATE HOUSE HYDRO ENERGIZER

Featuring the AQUAMETIX CARBON FILTER and QUAD FLOW STRUCTURING ENERGIZER

The WHOLE HOUSE AQUAMETIX CARBON FILTER combined with the QUAD FLOW STRUCTURING ENERGIZER will provide you with the ultimate in water purification. It filters, structures and energizes water for your entire house.

WATER FILTER MODULE

AquaMetix Carbon Technology will deal with:

- Chloramine
- Chlorine
- VOC's
- Fluoride
- Lead
- Glyphosates
- Arsenic
- Aluminum
- Anitmony
- Camium
- Chromium
- Nitrates
- Mercury
- Pharmaceuticals
- Trihalomethanes

- Radionuclides
- Bacteria
- Cysts
- Taste & Odor
- Turbidity

The MultiRound vessel holds either five or nine, AquaMetix® 20" cartridges designed to offer a high flow solution for specific removals of challenging contaminants. The five filter system can effectively treat up to 5 gpm and the nine filter system can treat up to 9 gpm.

3rd party tested for the removal of Chloramine, Chlorine, Lead, and Mercury while reducing a wide array of toxins and chemicals.

Capacities for 5 gpm* flow filters:

- 30,000 gallons Chloramine >99% (non-detect)
- 30,000 gallons Mercury >97%
- 30,000 gallons Fluoride >85%
- 30,000 gallons Lead >98.5%
- 60,000 gallons Chlorine >99% (non-detect)

*5 gpm will cover most houses but if you need more than 5 gpm give us a call 1-866-550-1444

What is AquaMetix®?

A proprietary matrix comprising of at least two types of activated carbon, combined with proprietary Zeolite minerals, structurally bound with polymers into a highly porous block filter form.

This very unique adsorbent will adsorb a variety of organic and inorganic substances; chlorine and the more difficult to remove chloramine. AquaMetix® is a unique technology designed to provide the highest quality drinking water possible from a single stage block filter.

AquaMetix® will reduce a wide variety of drinking water contaminants of both aesthetic and health concern. The dense pore structure and vast surface area is ideally suited to improving taste and odor, color, chemicals, and fluoride.

AquaMetix® combines the highest FDA-compliant raw materials, with cutting-edge manufacturing methods resulting in unparalleled performance in an exclusively U.S.A. Manufactured product.

Yearly Filter Replacement Cost: \$395 for 5 filters

Filter Change Frequency: 6-12 Months

AquaMetix Dimensions: 20"w x 20"d x 33"h

QUAD FLOW STRUCTURING ENERGIZER

The Quad Flow Structuring Energizer is a state of the art structuring system with four flow chambers for 4 times the structuring power. It not only structures water using sacred geometric vortexing technology but it also increases the energy using a Harmonizing Cartridge filled with special minerals which infuses the water with high quality natural energy.

How Does The Quad Flow Structuring Energizer Enhance Water?

- The Hydro Energizer mimics nature creating water infused with vital life force.
- The Hydro Energizer structures and energizes water by subjecting it to vortex action and energy emitting elements.
- The Hydro Energizer attaches to your water line using flex connectors available from your local hardware.
- Two Harmonizer cartridges are embedded with the housing for enhanced water energization.
- Four flow tubes filled with a triangular configuration of glass spheres to vortex water non-sacrificially for optimal structuring.

Quad Flow Structured Water Benefits

- Enhances Cell Hydration
- Increases Bio-photonic Energy
- Clarifies Water
- Softens Water
- Optimal Hydration promotes good health
- Aids physical and mental balance
- Softer Skin and Hair
- Improved heat retention for hot water
- Reduces Chemical Use & Cleaning for Pool & Spa

No maintenance or replacement parts required for the Quad Flow section

Quad Flow Dimensions: 12"w x 12"d x 20"h
